

Surgery in Thailand and the Philippines after the Tsunami

Christopher M. Pezzi, MD
Department of Surgery
Abington Memorial
Hospital

> -----Original Message-----> From: Moran, Charles
> Sent: Thursday, January 06, 2005 4:39 PM>
Subject: request from Dr. Alvear> > Hello and good
day.> > Dr. Alvear of our board asked me to spread the
word about this.> > As you might know, Dr. Alvear is the
founder of the World Surgical> Foundation, a volunteer
medical group that provides surgical care,> supplies, and
training to areas of the world in need. > > His group will
be traveling to Phatong Beach, Phuket, to assist with
the> tsunami relief efforts. His group was invited there
by the mayor of the> town, who says medical assistance
is needed. The mission will leave> during the last week
of January, and there is space for a few more doctors> ...
specifically surgeons, and maybe an internist or
emergency medicine> specialist.> > If you're aware of
any physician who might be interested in assisting the>
WSF, please have them contact Dr. Alvear directly at
(717) 232-7593.> > Chuck Moran >
Director Media and Public Relations> Pennsylvania

A large bulletin board is covered with numerous missing person posters and photographs. The board is decorated with blue and red borders. The posters feature various individuals, including children, young adults, and older people. Some posters include text such as "Missing People?", "MISSING PERSON", "Ms. HORI YASUKO", "Missing!!!", and "Missing!!!". There are also several photographs of people, some of which are framed or highlighted. The board is densely packed with these items, and some papers are overlapping. The background shows a plain wall with a light switch on the right side.

MISS
MEMBER OF THE
THE TIAA

Small posters and notices on the right wall, including one with a photo of a man in a suit.
